A new concept including stories, milestones, rumours & ideas

We all love when we buy a new golf buggy, especially the super smooth rolling ones with the extra wheel at the front, just push it as you get near the green towards the next tee and you save time and effort dragging it around, UNLESS the hole is the 16th green and you push it towards the 17th tee just hard enough for your old buggy to stop short of the path, BUT OH NO !!!!! the new super smooth buggy makes its way across the path with its owner in hot pursuit but all too late, the buggy, golf bag, clubs, mobile phone and wallet were soon submerged in the water, made an average day of golf very funny for his playing partners.

Is it Murphy 's law that your old clubs have been going not quiet at your target (shank was a common word) and you get the OK from the wife to buy a new set. All good, new super clubs ordered and arriving this week, arrive and the right handed golfer is a little bemused that left handed clubs have arrive, oh well, just use the old ones this week, shoot the best round in ages, every iron arrow straight and wins the event, who needs new clubs?
MURPHY ' S LAW strikes again !!!!!

If you have anything you would like to add to this page, email me on coadys2000@ozemail.com.au , the names of the guilty will remain anonymous
